**Narrative Explanation, if needed**

I performed a follow-up inspection today. On the 1-10-12 inspection I disapproved this shelter due to insufficient kenneling for cats. The cat kennels have been purchased and are being utilized.

A ceiling needs to be placed in kennel number 5 and ceiling repaired in kennels 2 & 3. Also, wiring will need to be repaired for light that blows frequently in kennel number 5.

I am approving this inspection today however, by my next inspection the above issues need to be addressed.

Everything else was fine.
