Narrative Explanation, if needed

New facility inspection performed at this training/boarding facility today. Housing area is a separate building on the owners property, constructed of wooden/sheetrock walls, covered with a tin product, concrete floors, and A/C & heat available. Discussed today to add more gravel or good ground covering to elimination/work yard, and to seal crack in concrete floors. Facility is very clean, dogs are calm, and appear injury/disease free. Approved for licensing today.
