Narrative Explanation

Random inspection performed at this shelter today, facility is clean and odor free at time of inspection with no apparent signs of disease or injury noted. Ambient temperature is within range in all housing areas and all records are on site and to AWA Standards.

0201} Housing in sound repair, deemed not acceptable due to damaged/leaking roof. (Noted 2-6-13; 6-11-13; 1-21-14; 8-12-14). Director has told me that the agency has received estimates from \$65,000 - \$150,000 from four different roofing agencies.

* I am requesting a time line from this agency for completion of the roof projection. Time line should establish an estimated time the funds are to be established, and work started, as well as which roofing agency will do the work. Time line will be submitted within the next two business weeks to our department.

0204} Surfaces impervious to moisture deemed not acceptable due to chipped and damaged epoxy. Epoxy has been needed in all 3 K9 enclosure rooms, 2 rooms have been completed with FRP board, and 1 room is 1/2 way there, and the other enclosures are set to be completed within the month. (noted 2-6-13; 7-11-13; 1-21-14; 8-12-14)

Photos taken.

No other inadequacies noted today.
