**Transportation: Care**

Inspection Category	Result	Inspection Category	Result
0303 Food & water during transport	Not Applicable	0304 Observation of animals	Not Applicable

**Narrative Explanation, if needed**

0201: A Thermometer needs to be added to the cattery so the ambient temperature can be viewed at all times

0202: Ventilation needs to be increased in the Cattery, Talked w/ owner about adding more fans to push the air around and on days when weather permits allow fresh air into the Cattery. Also, concrete flooring is old/ chipping/ unsealed and has some divots in it. Owner will need to address the concrete floors ASAP to make them impervious to moisture.

0207: Add Sign to Isolation room. Also, all litter boxes need to be scooped a minimum of 2x a day.
