Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	I perFormed An Annual inspection Today. The Shelter does not hold Stray Animals For Cary, Garner and Raleigh. The Shelter is housing less Animals.	
	The Facility For it's Age (36) years For the most part is in good Shape.	
	The Temperature in the old City Side of the Shelter Was 80°. The Temperature in the Main Building Kennel Was 95°. I advised The manager The Temperature needs to brought down. There Are no dogs housed in That Kennel Area AT This Time However if This Area is utilized The Temperature Needs To be maintained between 50-85°.	
	There Were no Animals To be euthanasia on Today's inspection. Since The Shelter doesn't house Any Stray's From Cary, Garner And Raleigh The euthanasia rate will drop.	
	I perFormed A euthanasia inspection On 9/29/09 and it Was Acceptable.	
	The Manual Was Complete.
