ARTICLE VIII CREATION OF VOLUNTARY AGRICULTURAL DISTRICTS AND ENHANCED VOLUNTARY AGRICULTURAL DISTRICTS

A. Creation of Voluntary Agricultural Districts.

1. Implementation. In order to implement the purposes stated in Article III, voluntary agricultural districts may be created that meet the following standards:
 - a. Each district, when initially established, shall contain the minimum amount of land required for taxation based on farm use evaluation: 5 acres for horticulture use, 10 acres for agriculture use, or 20 acres for forestry use. When considering acreage, leased and/or rented land for the purpose of agriculture will be taken into account.
 - b. The landowner(s) requesting inclusion in the district shall execute an agreement with the Town to sustain agriculture in the district in accordance with the requirements of this ordinance in a form approved by the Advisory Board.
 - c. Once a qualifying tract is registered and accepted into the program it shall be designated as an agricultural district.
2. Education. The Town may take such action as it deems appropriate through the Advisory Board or other entities or individuals to encourage the formation of the districts and to further their purposes and objectives, including the implementation of a public information program to reasonably inform landowners of the voluntary agricultural district program.
3. Withdrawal of farmland from existing voluntary agricultural district. In the event one or more participants in a district withdraws and the acreage in the district becomes less than the minimum acreage required or results in the remaining land being noncontiguous, a voluntary agricultural district will continue to exist so long as there is one qualifying farm in that district.

B. Creation of Enhanced Voluntary Agricultural Districts.

1. **Implementation.** In order to implement the purposes stated in Article III, enhanced voluntary agricultural districts may be created that meet the following standards:
 - a. Each district, when initially established, shall contain the minimum amount of land required for taxation based on farm use evaluation: 5 acres for horticulture use, 10 acres for agriculture use, or 20 acres for forestry use. When considering acreage, leased and/or rented land for the purpose of agriculture will be taken into account.
 - b. The landowner(s) requesting inclusion in the district shall execute a Conservation Agreement with the Town to sustain agriculture in the enhanced voluntary agricultural district in accordance with the requirements of this ordinance in a form approved by the Advisory Board.
 - c. Once a qualifying tract is registered and accepted into the program it shall be designated as an enhanced agricultural district.
2. **Limitation.** A Conservation Agreement shall be irrevocable for a period of at least 10 years from the date the agreement is executed. At the end of its term, a Conservation Agreement shall automatically renew for terms of three years, unless three (3) months written notice of termination is given by either party. The landowner must provide the written notice to the Advisory Board. The benefits set forth in Article VII, Section B(4) shall be available to the farmland that is the subject of the Conservation Agreement for the duration of the Conservation Agreement.
3. **Entitlement.** Enhanced voluntary agricultural districts are entitled to all the benefits of voluntary agricultural districts.
4. **Additional Benefits.**
 - a. Property that is subject to a Conservation Agreement as shown in Article VII, Section B (2) that remains in effect may receive up to twenty-five percent (25%) of its gross sales from the sale of non-farm products and still qualify as a bona fide farm rather than a retail establishment. The non-farm products must be produced on the farm and recognized as a "Goodness Grows in North Carolina" product from the Department of Agriculture and Consumer Services. A farmer seeking to benefit from this subsection shall have the burden of establishing that the property's sale of non-farm products did not exceed twenty-five percent (25%) of its gross sales.
 - b. A person who farms land that is subject to a Conservation Agreement that remains in effect is eligible to receive ninety percent (90%) of cost-share funds for the benefit of that farmland under the Agriculture Cost Share Program established pursuant to NCGS §143-215.74(b)(9).
 - c. State departments, institutions, or agencies that award grants to farmers are encouraged to give priority consideration to any person who farms land that is subject to a Conservation Agreement that remains in effect.

ARTICLE IX PUBLIC NOTICE

Upon approval of a district, appropriate maps shall be updated so that a person wishing to ascertain the proximity of a particular tract to a district may do so. Such maps shall contain a notice as follows: "The Town of Wentworth has established agricultural districts to protect and preserve agricultural, silvicultural, horticultural, and livestock lands and activities. These districts have been developed and mapped by the town to inform all purchasers of real property that certain agricultural activities, including but not limited to pesticide spraying, manure spreading, machinery, tractor, truck operations, livestock operations, sawing, and similar activities may take place in these districts." Agricultural district maps shall be maintained in the offices of the Rockingham County Planning Department with copies or access being available for the convenience of the public in the Town of Wentworth's Town Hall and Rockingham County offices such as the Register of Deeds Office, Soil Conservation District Office, and Cooperative Extension Office as recommended by the Agricultural Advisory Board and approved by the Town of Wentworth.

ARTICLE X APPLICATION, APPROVAL AND APPEAL PROCEDURE

A. Application Procedure:

1. A landowner may apply to participate in the program by making application to the chairperson of the Advisory Board or a designated staff person. The application to participate in a district may be filed with the certification for qualifying farmland.
2. A Conservation Agreement to sustain, encourage, and promote agriculture must be executed by the landowner and recorded with the Advisory Board.

B. Approval Process

1. Upon submission of the application to the Advisory Board, the Advisory Board shall meet within ninety days to approve or disapprove the application. **ARTICLE XI REVOCATION OF PRESERVATION AGREEMENT IN A
VOLUNTARY AGRICULTURAL DISTRICT**

- A. By written notice to the Advisory Board, a landowner of qualifying farmland may revoke the Preservation Agreement or the Advisory Board may revoke a Preservation Agreement based on noncompliance by the landowner, subject to the same provisions as contained in Article X for appeal of denials. Such revocation shall result in loss of qualifying farm status and loss of eligibility to participate in a voluntary agricultural district.

- B. A Conservation Agreement entered into for the formation of an Enhanced Voluntary Agricultural District may not be revoked for a period of ten (10) years from the date the Conservation Agreement is executed. At the end of its term, a Conservation Agreement shall automatically renew for terms of three years, unless three (3) months written notice of termination is given by either party. The landowner must provide the written notice to the Advisory Board.

ARTICLE XII PUBLIC HEARING FOR CONDEMNATION

- A. Purpose. To implement NCGS §106-740, which provides that no state or local public agency may formally initiate any action to condemn any interest in qualifying farmland within a district until such agency or unit has requested the Advisory Board to hold a public hearing on the proposed condemnation.

- B. Procedure.
 - 1. Within thirty days of receipt of a request to hold a public hearing on a proposed condemnation, the Advisory Board shall hold a public hearing and submit its findings and recommendations to the condemning agency.

- B. Signs. The Advisory Board may cause signs to be placed along public roadways to notify the public of the presence or proximity of a district.

- D. No Cause of Action. In no event shall any cause of action arise out of the failure of a person researching the title of a particular tract to report to any person the proximity of the tract to a qualifying farm or voluntary agricultural district or enhanced voluntary agricultural district as defined in this ordinance.

ARTICLE XIV DESIGNATION OF DISTRICTS ON DEVELOPMENT PLANS

Developers of major subdivisions or planned unit developments shall designate on preliminary and final development plans and plats, the existence of farmland preservation districts within one aerial mile of the boundaries of the proposed development.

- F. Conflict with Water and/or Sewer System Construction and Improvements Grants. To the extent that this section conflicts with the terms of federal, state, or other grants under which Town water and/or sewer systems are constructed, this section shall not apply.
