

2024 Hurricane Helene USDA Block Grant: Market Loss for Commodities and Value-Added Products

This funding is authorized under The Disaster Relief Supplemental Appropriations Act, 2025 (Division B of the American Relief Act, 2025 (the Act; P.L. 118-158)). On behalf of Secretary Rollins, U.S. Department of Agriculture (USDA), the Farm Service Agency (FSA) agreed to provide funding (Relief Funds) to North Carolina Department of Agriculture and Consumer Services (NCDA&CS) in accordance with the terms of the Agreement for distribution to Eligible Producers that Suffered Eligible Losses as a Consequence of Hurricane Helene Occurring in Calendar Year 2024.

These relief funds cover eligible producers who suffered a market loss for harvested and unharvested commodities that were lost due to prolonged and widespread power outages, stored commodities ready for sale that were washed away by flood waters, loss of market access, revenue loss for farm stands because of the disaster, and loss of ability to make value-added products from farm produced products.

Losses covered must be verifiable and not covered by insurance or other federal or state disaster programs in one of the 39 counties declared a disaster under the Stafford Act.

Compensation will be calculated based on the actual years between planting and having a harvestable/sellable commodity, which will vary by crop.

Click "Next" to continue to the application.

This is a Farm Owner/Operator specific application. All inputs in this application will cover all counties related to losses due to Hurricane Helene.

This application is for all Verifiable Agricultural Losses associated with HELENE within the designated counties below. Losses include harvested commodities and/or value-added products that were lost due to prolonged and widespread power outages along with revenue loss due to reduced customer traffic at establishments such as roadside markets and pick-your-own operations.

If a field includes additional information, you may access it by hovering over the "?" icon as shown below:

USDA Block Grant Agricultural Disaster Crop Loss Program 2024

HURRICANE HELENE VERIFIABLE LOSSES

Applicant Verification Affidavit

By my signature, I certify the following:

The undersigned agree(s) that 1) all statements made in this application are made for the purpose of obtaining relief payments from the USDA block grant program administered by the North Carolina Department of Agriculture and Consumer Service (NCDA&CS) pertaining to market loss; 2) the loss being verified and documented was mine; 3) verification and audit of the information provided in the application may be made at any time; 4) institutions will rely on the information provided and I have a continuing obligation to amend the information provided if any of the facts change; 5) I must retain financial and other records relating to the relief funds for a period of 3 years after completion of the distribution of the relief funds or until final resolution of any audit findings or litigation claims relating to the distribution of funds, whichever is later; and 6) failure to provide access to required documentation will result in a breach of agreement in which I will be responsible for refunding all relief payments to NCDA&CS.

I hereby authorize NCDA&CS to have access to all information, files, documents and records kept by FEMA, SBA, North Carolina Department of Public Safety, Division of Emergency Management, USDA, USDA RMA, and other agencies or entities providing disaster assistance for the designated counties. The authorization includes the release of any information, files, documents, and records deemed confidential and extends to all information, files, documents, and records otherwise considered confidential under any Federal and State Privacy Acts. This authorization shall include, but is not limited to, the right to inspect, copy or otherwise utilize, or obtain clarification or opinion regarding said information, files, documents and records, as it deemed necessary to verify or authenticate information provided in your application for relief payments.

I understand that if I intentionally make false statements or conceal any information in an attempt to falsely obtain relief payments, it is a violation of Federal and State laws, which carry severe criminal and civil penalties. I authorize the State of North Carolina, NCDA&CS, to verify all information given by me about my loss and any other criteria in order to determine my eligibility for disaster relief assistance. Further, I authorize and direct all custodians of records of any insurance company, private estimator, and/or any public or private agency, bank, financial or credit data service to release information to NCDA&CS and their representatives upon request as it relates to verifying or authenticating information provided for disaster relief assistance.

I hereby authorize NCDA&CS to share my application, data, and other relevant documents with USDA FSA and USDA RMA or any other government agency that reasonably requests such information.

I agree to obtain Federal Crop Insurance or NAP for the next available two reinsurance years. I understand that I must obtain Federal Crop Insurance for insurable crops (including aquaculture), trees, bushes, or vines, which I received payment at the 60/100 level of coverage (or equivalent) where insurance is available. Whole Farm Revenue Protection (WFRP) at the 60% level may also be purchased. Where Federal Crop Insurance is not available, NAP coverage at the 60/100 level of coverage (or equivalent) must be purchased.

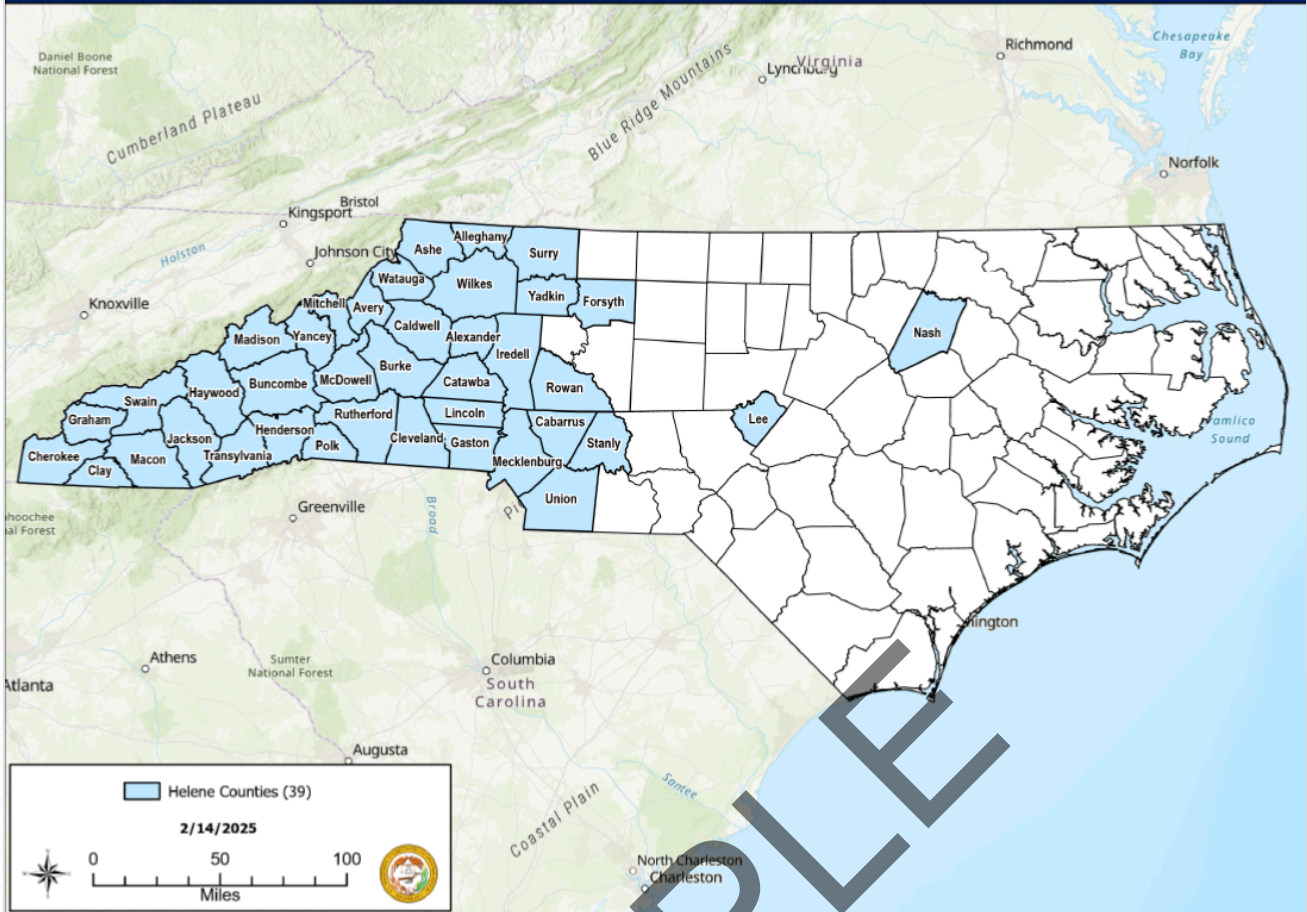

I acknowledge that providing my electronic approval is equivalent to signing this document and I understand that my electronic signature is binding. *

Commodities and/or Value-Added Products Harvested & Unharvested

Are you reporting Market Revenue Loss for Commodities and/or Value-Added Products related to the commodities below as a result of the effects of Hurricane Helene?

Note: This lost market revenue must be due to lost market access, and/or revenue loss for farm stands because of the effects of Hurricane Helene. Examples of operations eligible for this assistance include (but are not limited to) roadside markets and pick your own operations.

This includes crops that were sold at reduced wholesale prices that otherwise would have been sold at higher retail pricing through direct marketing channels.

This applies to both harvested and unharvested commodities, but is separate from the commodities you may have lost in cold storage due to power outages, as specified in the previous section.

To be eligible, these commodities would have been grown on the applicant's farm on or before September 27th, 2024.

Additionally, the value-added products must be a direct product that was produced from these commodities which were grown on the applicant's farm.
