CERTIFICATION & TRAINING RULES

WHAT YOU NEED TO KNOW:

In November 2024, new regulations became effective to ensure that ALL license holders are knowledgeable and competent of the EPA required Certification & Training Rules. This helps enhance pesticide safety training and set standards for the supervision of non-Certified Applicators (nCA).

WHO DOES THIS IMPACT?

- ✓ ALL pesticide license types
- ✓ ALL non-Certified Applicators (nCA)

**SCAN FOR TRAINING
RESOURCES & INFORMATION**

HOW DOES THIS IMPACT ME?

- Each nCA must receive the approved training every 12 months.
- Supervisors of a nCA must maintain approved training records.
- Each nCA must be at least 18 years of age.
- Dealers must keep a record of the categories of the Licensee who purchases Restricted Use Pesticides (RUPs).
- EVERYONE who has taken the exam prior to July 1, 2025, must complete the C&T standards update training.

WHEN WILL THE C&T STANDARDS UPDATE TRAINING BE DUE?

By your NEXT recertification date.

Check the recertification date shown on your pesticide license.
