1. Categorical eligible as elderly and have household income at or below 130 percent of the Poverty Guidelines. Applicants will do a self-declaration of their income.
2. Any resident of the following counties listed below meeting the criteria in Item #1 is eligible for consideration and participation in the Commodity Supplemental Food Program (CSFP).
3. Nutritional risk is not a factor for eligibility.

Beacon of Hope: Madison

NC Baptist Men dba/Baptists on Mission:
SENC Region: Bladen, Duplin*, Sampson*, Cumberland
NWNC Region: Ashe, Guilford, Surrey, Watauga, Wilkes, Yadkin

Second Harvest Food Bank of Metrolina: Anson, Burke, Cleveland, Gaston, Iredell, Mecklenburg, Montgomery, Rowan, Rutherford, and Union

CSFP is distributed in 69 of the 100 NC Counties
*The Duplin, Sampson and Harnett County service areas are split between the Food Bank of Central and Eastern NC and the NC Baptist Men dba/Baptists on Mission.

B. ELIGIBILITY DETERMINATION 247.16(a)
The designated CSFP official for each contracted local agency listed in section (II. A2) will promptly determine eligibility and if eligible, the participant will receive foods the same day as certified. A Certification Application form for the elderly will be completed by CSFP staff on site and/or by the CSFP staff member/social worker when visiting eligible homebound participants. At the time of certification or re-certification, participants are given the opportunity to self-identify race and ethnicity. If the participant chooses not to self-identify race and ethnicity, the certifier must record the participant’s race and ethnicity based on visual observation. This information is submitted to the SDA each year when the racial/ethnic data is due.

In accordance with section 4102 of the Agriculture Improvement Act of 2018 (Farm Bill) (P.L. 115-334) changes for CSFP certification requirements outlined in 7 C.F.R. 247.16, the maximum certification period for the elderly will be between one to three years. Local agencies will continue to provide temporary monthly certifications to eligible CSFP applicants to fill any caseload slots resulting from nonparticipation by certified participants. These applicants will be placed on a waitlist and must be re-certified annually.

Birth Certificate, Driver’s License, NC ID Card, Medical Record, Medicare Card, or Family Bible can be used to verify the age of the applicant. The certification period of one or three years will depend on the
source of income. An eligible participant with stable income (i.e., Social Security, Supplemental Security Income and/or Retirement) and no additional income sources will be certified for three years. Participants with a non-stable income source will be certified for one year.

CSFP participants will continue receiving a CSFP food package during their certification without a formal review if the person’s address and continued interest in receiving program benefits are verified and the agency has sufficient reason to believe the person still meets income eligibility standards. This process will be verified by utilizing the NCDA&CS Food Distribution Receipt of Foods Form. Each participant shall be notified, in writing, at least 15 days before the expiration of the certification period that eligibility is about to expire.

**C. CERTIFICATION NOTIFICATION**

The local agency shall either certify the applicant or notify eligible applicants that they have been put on a waiting list or notify the applicant of eligibility or ineligibility for the program within 10 days of the applicant’s first visit to the local agency to apply for participation in the program. A person who is determined to be eligible shall receive supplemental foods within 10 days of notification of eligibility.

**D. TERMINATION/INELIGIBILITY**

Written notification to participants of termination/ineligibility will be sent 15 days prior to the termination date. This notice will include the reason for termination, ineligibility, and the participants’ right to a fair hearing, including the method to request the fair hearing and the right to be represented at the hearing. The documented reasons for ineligibility are held on file by the local agency. Applicants will be advised of their rights, including non-discrimination, fair hearings, and nutrition education.

**E. CERTIFICATION FOR RELOCATION**

The Local Distributing Agency (LDA) shall ensure issuance to every participant who intends to relocate during the certification period. The LDA will accept forms from participants who have been participating in the Program in another local agency, within or outside the jurisdiction of the State Agency.

**III. CASELOAD MANAGEMENT**

There is an inherent need to have a management system to effectively and efficiently control caseload to ensure caseload is met and not surpassed.

The waiting list policy is established when the program has reached maximum caseload. The waiting list will include applicant’s name and status, address, telephone number and date applicants are placed on list. When the maximum caseload has been reached, the local agency must keep a list of all potential applicants who contact the agency in person. Applicants should be informed of the income standards at the initial contact to confirm eligibility. Certification from waiting lists will be on a first come, first served basis.

If an agencies caseload has been filled, the local agency must maintain a waiting list of the individuals who apply and are eligible for the program. In establishing the waiting list, the local agency must include the date of application and information necessary to allow the local agency to contact the applicant when caseload slots become available. Unless they have been determined ineligible, applicants must be notified of their placement on a waiting list within 10 days of their request for benefits. In accordance with CFR 247.15, a form denoting the period of certification will be given to each participant upon approval of the application. To be eligible to participate in the Commodity Supplemental Food Program, the participant must reside in the county in which CSFP is being offered. See section (II. A2) for current list of CSFP counties located in North Carolina.
Birth Certificate, Driver’s License, NC ID Card, Medical Record, Medicare Card, or Family Bible will verify the age of applicants. A certification period of one to three years has been established for all program participants.

IV. OUTREACH 247.6(c)(5)

A. Efforts will continue to be made to recruit additional program participants through advertisements in local news media, churches, civic and other organizations. In addition, flyers will be prepared to send to potential eligible participants outlining program benefits. This list will be obtained by working with other county and state organizations, such as local employment offices, Department of Social Services, Office of Aging, Community Senior Center, Senior Housing, etc.

B. Recruitment of program participants will be enhanced using electronic and print media via the use of spot announcements using the events of local interest community bulletin board.

C. Formulate a transmittal to be mailed to each approved recipient who has missed more than one planned distribution period. This document will contain such items as time of next scheduled distribution, available food package offered and the benefit the program offers.

D. Outreach efforts will be increased by the local agency if participation falls below caseload.

E. The official hours for distribution of food will be determined by the local distributing agency.

F. The program administrator and administrative assistant are responsible for outreach as an effort to increase enrollment. Efforts will continue to be made to reach the eligible segment of population who does not participate in CSFP.

G. Certification and distribution activities will be performed for all counties as listed in section (II. A2)

V. NUTRITION EDUCATION 247.6(c)(7)

Nutrition education is a dynamic process through which health and dietary information is exchanged with the individual in a manner which will promote both his/her knowledge and application of the dietary practices required for attaining and maintaining positive nutritional and health status. To be effective nutrition education must be tailored to the needs, interests, experiences, capabilities, and lifestyles of the individuals or groups taking part in this process. Nutrition education stresses the promotion of the dietary guidelines and reduction of the risks of disease. CSFP nutrition education should be integrated into and coordinated with other community nutrition programs.

The State agency must establish an evaluation procedure to ensure that the nutrition education provided is effective. The evaluation procedure must include participant input and must be directed by a nutritionist or other qualified professional.

A. ASSESSMENT OF NUTRITION EDUCATION NEEDS

1. Prior to initiation of nutrition education services, the CSFP staff must determine if the participant is receiving nutrition education services through other community-based nutrition programs.

2. CSFP participants who are not receiving nutrition education services from another source must be assessed for:
   a. Known risk factors which can be affected by nutritional practices or diet therapy
   b. Adequacy of the food supply and other sources of food assistance
   c. Usual dietary intake by food frequency, diet recall, or food record

B. CSFP NUTRITION EDUCATION SERVICES

1. Nutrition education is to be considered a benefit of the program and is to be provided to each participant at no cost. Nutrition education may be provided by another community-based nutrition program.

2. Participants must be encouraged to participate in nutrition education services, and the long-term
benefits of utilizing such services must be stressed.

3. No participant shall be denied supplemental food for failure to participate in the nutrition education services offered through the CSFP or other community nutrition programs.

4. Nutrition education must be offered to all adult participants and must include:
   a. An explanation of the importance of the consumption of the supplemental foods by the participant.
   b. Reference to any special nutritional needs of participants and ways to provide an adequate diet.
   c. Information on the use and nutritional value of supplemental foods.
   d. Referral to other social and health programs when indicated.

5. A nutrition education contact is defined as an activity designed to improve health status, achieve positive change in dietary habits, and/or emphasize relationships between nutrition and health, all in keeping with the individual’s personal, cultural, and socioeconomic preferences.
   a. To ensure consistency, the local agency shall have written policies regarding basic nutrition for the elderly. Policies must be consistent with the dietary guidelines where applicable.
   b. A nutrition education contact may be provided through either individual or group education.
   c. A nutrition education contact may be made during a certification visit, visit for food pick-up, a home visit, etc. It is desirable to integrate/coordinate nutrition education services with health agency services and other nutrition education services offered in the community.
   d. A nutrition education contact will usually involve a face-to-face encounter between the educator and the participant. If literature is given out or a film is shown it must be accompanied by discussion.
   e. Nutrition education must be easily understood by the participant and practical in terms of the participant’s household situation and cultural food habits.
   f. Participants who are known to be at high nutritional risk should receive a level of nutrition intervention that is consistent with their degree of risk. The CSFP may refer high nutritional risk participants to the health department.

6. Nutrition education may be provided by a nutritionist/home economist.

7. Continuing education and training of local agency staff for developing and/or updating the skills and knowledge necessary for the delivery of nutrition education to program participants are to be considered part of the nutrition education services provided through the local and state agencies.

C. DOCUMENTATION OF NUTRITION INTERVENTION

1. Where nutrition education classes or food demonstrations are offered, activity outlines should be developed. The suggested components of an outline include:
   a. Target audience
   b. Objectives
   c. Outline of the presentation
   d. Activities/materials used
   Sample class outlines may be obtained through the North Carolina Cooperative Extension Service EFNEP.

2. Documentation of individual and/or group nutrition education should be an ongoing part of the participant record. Documentation should include, at least, the following information:
a. A summary of the basic content of the nutrition education provided or the topic of the class attended
b. Date the nutrition education was provided and the signature and title of the person providing the service.

3. A participant’s refusal and/or inability to take part in nutrition education activities must be documented.

D. EVALUATION

1. An annual review of CSFP nutrition education services will be conducted by the State Agency and will include:
   a. A review of local agency written policies and procedures.
   b. A review of participant records.

2. The local agency will establish an evaluation procedure to obtain the views of CSFP participants or their caretakers concerning nutrition services provided by the local CSFP agency. The purpose of the survey is to assist in program planning at the state and local level. The procedure should be designed to obtain information regarding, but not limited to:
   a. Attitudes on the need for nutrition education
   b. Barriers to attendance at nutrition education sessions
   c. Topics participants are interested in learning about
   d. Preferred methods for delivery of nutrition education
   e. Impact of CSFP and CSFP foods on the family food choices

VI. Storage/Distribution/Record Keeping 247.6(c)(6)

A. DISTRIBUTING AGENCY:

The N.C. Department of Agriculture & Consumer Services, Food Distribution Division, P.O. Box 659, Butner, North Carolina 27509-0659 will be the primary distributing agency. The food storage facility is located at 1015 Food Distribution Drive, Butner, North Carolina 27522. Food ordered from USDA will be delivered to the Butner warehouse. The SDA will provide storage for this food which will protect it from theft, spoilage, damage or destruction or other loss. When the LDA places an order for a delivery from Butner/Salisbury, food is taken from the warehouse and shipped to the LDA.

The following will be the Local Distributing Agencies:
- Food Bank of the Albemarle, P.O. Box 1704, Elizabeth City, North Carolina 27906-1704
- Beacon of Hope Services, P.O. Box 547, Marshall, North Carolina 28753
- Food Bank of Central & Eastern NC, 1924 Capital Blvd., Raleigh, NC 27604
- North Carolina Baptist Men dba Baptists on Mission, 205 Convention Drive, Cary, NC 27511
- Second Harvest Food Bank of Metrolina, 500-B Spratt Street, Charlotte, NC 28206
- Manna Food Bank, 627 Swannanoa River Road, Asheville, NC 28805

N.C. Department of Agriculture & Consumer Services from its storage facility in Butner and Salisbury will make deliveries monthly to the LDA’s. When food is delivered to the CSFP local distributing agency food is placed in the existing CSFP inventory. Food will be protected from theft, spoilage, damage or destruction or other loss.

The LDA will issue a supplemental food package to participants monthly. Participants come in and present their ID and or CSFP ID card, which includes the recipient’s name and ID number. A receipt of foods form is generated for the participant to sign to verify he/she received the food package in accordance with the food package guide rate established by FNS.
The State or local CSFP distributing agency will not require any participant to make payment or provide services in connection with receipt of CSFP food. The state or local distributing agency will not use the distribution of CSFP food as a means for furthering the political interest of any person or party.

Records will be maintained in a suitable place for a minimum of five (5) years following the close of the federal fiscal year to which they pertain. The U.S. Department of Agriculture and the N.C. Department of Agriculture & Consumer Services are authorized to inspect all program operations, including records and reports, at any reasonable time.

Physical inventories are taken annually at the state warehouse but are taken monthly at the local agency. The SDA has an inventory report. (FNS153). This report is completed first by the LDA, then the LDA sends the report to the SDA. The FNS153 report combines the ending monthly inventory for the SDA and the LDA’s. The SDA verifies the reports for accuracy and combines all LDA’s FNS153 reports into one document and submits to SERO.

The State agency must submit the FNS-153 by the end of each month. FNS may permit the data contained in the report to be submitted less frequently, or in another format. The report must be submitted within 30 days after the end of the reporting period. On the FNS-153, the State agency reports:

- The number of program participants
- The receipt and distribution of commodities, and beginning and ending inventories, as well as other commodity data
- On a quarterly basis, the cumulative amount of administrative funds expended and obligated, and the amount remaining unobligated
- Local agencies must submit a report of racial/ethnic participation each year, using the FNS-191.

VII. Dual Participation 247.6(c)(8)

The local agencies must detect and prevent the same person from receiving benefits at more than one CSFP distribution site. The local agencies must check the identification of all applicants when they are certified or recertified as well as when picking up their monthly CSFP package. The local agencies must ensure that the applicant signs the CSFP application and the monthly receipt of foods form that includes a statement advising the applicant that he or she may not receive CSFP from more than one CSFP site. Applicants shall also be informed that the consequences of dual participation may lead to a claim against the individual to recover the value of the benefits and may lead to disqualification.

Local agencies can use various processes each month to check for dual participation. These methods include reviewing issuance register, having verbal communication with the site partners and volunteers, running reports in participant databases (where applicable), record keeping and research.

A participant found to be committing dual participation must be discontinued from participation at more than one CSFP site. In accordance with 247.20(b), If the dual participation resulted from the participant or proxy of the participant making false or misleading statements, or intentionally withholding information, the local agency must disqualify the participant from CSFP for a period of up to one year, unless it is determined that it would result in a serious health risk. In addition, the local agency may be required to institute a claim against the participant to recover the value of the benefits.

Fair Hearings: A right to an appeal and a fair hearing is provided to applicants who contest a denial of certification.
VIII. CLAIMS 247.6(c)(9)

The LDA will be responsible to the N.C. Department of Agriculture & Consumer Services for any improper or negligent issuance of supplemental foods and will make restitution for any improper or negligent authorization.

Pursuit of Claims Against Participant

The pursuit of a claim against a participant to recover the value of CSFP commodities improperly received or used is cost effective when the value exceeds $135.00 or 5 months of benefits. The estimated value of the monthly CSFP benefit is $27.00. In accordance with 7 CFR 247.30 (c) and (d), NCDA&CS FDD has established the following claim procedures regarding foods received or used by a participant through fraud:

• The local agency will issue a letter to the participant indicating that they are ineligible for participation in CSFP for a period of up to one year.
• A letter demanding repayment for the value of the commodities improperly received or used will be issued in instances when the dollar value is determined to be over $135.00. Payment is to be received within 30 days of the date the letter was sent. If an appeal is sought, then the timeframe may be extended as deemed necessary.
• Additional measures will be taken as necessary if payment is not received within 30 days.
• The local agency will permanently disqualify a participant who commits three program violations that involve fraud, in accordance with the requirements of 7 CFR 247.20 (b).

Pursuit of Claims Against Local Distributing Agency (LDA)

When a loss of food occurs after delivery to the local CSFP agency, a claim determination must be made. If the value of the food loss is more than $500.00 documentation must be forward to the USDA Regional Office for concurrence with a claim determination by NCDA&CS. If the CSFP agency is found to be negligent, NCDA&CS must pursue a claim requesting the LDA to replace the food for the value of the loss. The SDA will not assess any claim against the LDA which is less than $500.00.

IX. PROVISIONS FOR NON-ENGLISH OR LIMITED ENGLISH SPEAKERS

If a significant proportion of the population in an area is comprised of non-English or limited English-speaking persons with a common language, the State agency must ensure that local agencies inform such persons of their rights and responsibilities in the program, as listed under Statue 247.12, in an appropriate language. State and local agencies must ensure that bilingual assistance is available to serve these persons.

X. HOMEBOUND 247.6(c)(10)

Homebound participants are signed up for CSFP by the local distributing agency. It is the participant’s responsibility to have someone pick up the food for them.

XI. PERMANENT AGREEMENTS BETWEEN N.C. DEPARTMENT OF AGRICULTURE FOOD DISTRIBUTION DIVISION & CONSUMER SERVICES AND THE CONTRACTED LOCAL DISTRIBUTING AGENCIES (SEE ATTACHEMENTS A-E) 247.6(c)(11)
