Ag Awareness Day allows us the opportunity to thank our legislators for their support and communicate how important agriculture is to our state. Now more than ever, we need to cultivate and strengthen our relationships in the General Assembly. We hope you will join commodity groups, farmers, agribusinesses, universities, ag students and others that support agriculture as we provide a unified voice on the importance of North Carolina's #1 industry.

Everyone is encouraged to visit their Senate and House members as well as members of the Senate Ag and House Ag Committees between 8:30 a.m. and 11 a.m. Please schedule appointments for your visits in advance.

To schedule your visit today, click on these links to find your local [Senator](#) or [Representative](#). You can also find the Senate Ag members at this [link](#) and the House Ag members [here](#). If you click on the member's name it will take you directly to their contact information. You can make an appointment with their legislative assistant. Brief talking points will be handed out at the fairgrounds that will help you start the conversation.

Everyone is encouraged to **meet at the Kerr Scott Building at the NC State Fairgrounds the morning of March 20th by 8:30 a.m.** Transportation will be provided from the Fairgrounds to downtown with the “Shuttle Stop” across the street from the General Assembly.

Please note: The General Assembly building has new security screening measures. No weapons, pocket knives, pepper spray, etc. are allowed. Jackets must be removed, and laptops and tablets must be taken out of their case during security screening. The less you bring, the faster you will move through security. Additionally, plan to allow extra time to get to your appointments due to the screening process.

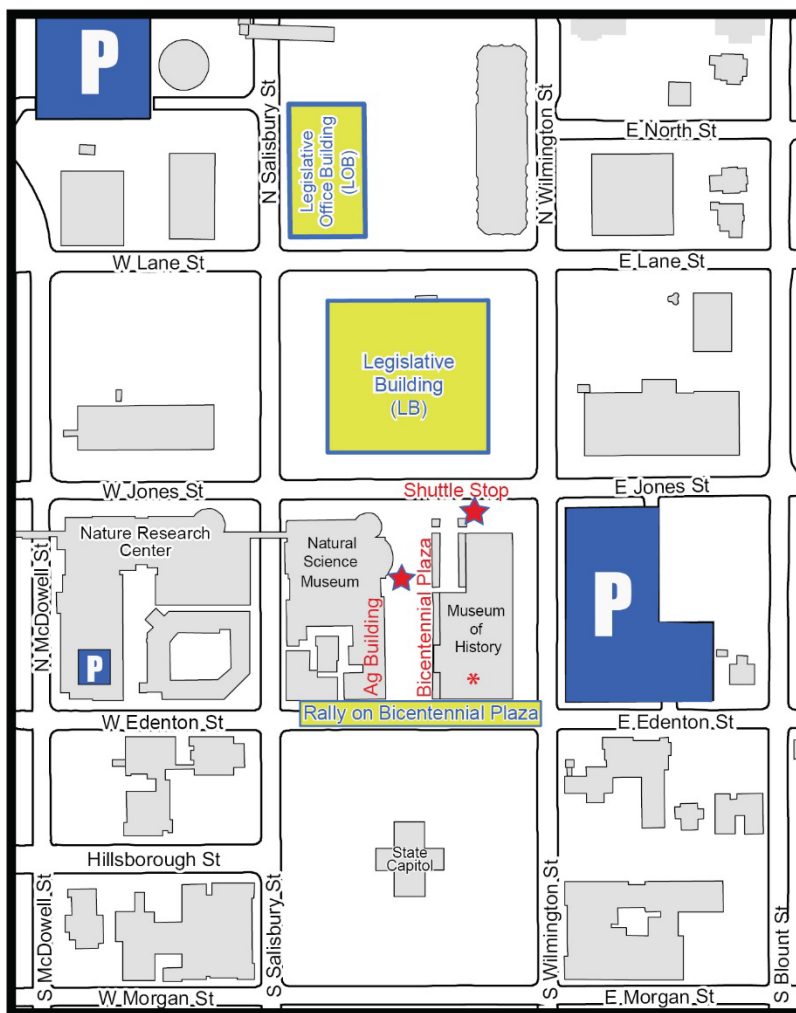

We look forward to seeing you on March 20th.

Sincerely,

2019 NC Ag Awareness Day Committee
