

Addressing Backlog

- Several Contributing Factors
 - Pre-existing backlog
 - Disasters
 - Regional Workload Imbalance
 - Staffing
 - Loss of experienced Engineers
 - Hiring difficulties
 - Training New Engineers
 - Loss of experienced district staff
- Reducing Backlog
 - Increase Efficiency & Decrease Workload
 - Staff Training and Experience
 - Statewide Approach
 - Assigning Raleigh engineers more western projects
 - Eliminate Complex Projects from the workload
 - Stream Restoration
 - Hire Private Consultants
 - JAA Program – More self-sufficient districts
