Non-Field Farm Road Repair

Definition/Purpose

Repair or stabilization of existing access roads utilized for agricultural operations, including roads to existing crop fields, pastures, barns or forestland incidental to agricultural land.

Policies

- 1. The road shall be for agricultural use only.
- 2. Structural geotextiles shall meet the requirements of " <u>Construction Specification 95 —</u> Geotextile" and "Material Specification 592 Geotextiles"
- 3. If the land is converted to residential or commercial uses during the maintenance period, the cost share contract shall be considered out of compliance.
