Footnote #1: "holding facilities" usually keep the animals for a short time until they can be transferred to a central facility, often the county animal shelter. As a result, the numbers listed for "holding facilities" may be counted twice - once for the "holding facility" and again for the county facility. However, that is not always the case, some animals may be returned to their owner and never be transferred to the county shelter. A solution will be sought before the 2011 Public Animal Shelter Report.

Footnote #2: GS 19A-65 ... A city or county that does not timely file the report required by this section is not eligible to receive reimbursement payments under G.S. 19A-64 during the calendar year in which the report was to be filed
