	<i>Met with Larry Davis & Nash Williams DVM Judy Hart of Animal Trustees of Allegheny Inc was also present at times. This facility is a combined effort - cages and kennels are being replaced one at a time as funding is made available - outside runs are covered Best drainage is poor, existing inside kennels are rusted and corroded - sharp edges are exposed - a trough drain runs through the kennels under resting mats, EBI is performed by DR Nash and is the only form of euthanasia</i>
