PAGE 1 OF 2
The floor & wall in the entire kennel needs to be repaired & regulated. Still needs to correct waste issue on the outside runs. They have hair, feces, & waste clay ground & cement pool.

Hair buildup along chain link. This needs to be worked on since we hadn't corrected from last visit we will need a time line. Need to put feed on pallets and get off the floor. They put a box for in cat room and this room is clean & smell great. Question can an outside needs from work fixed on wire cage and need plexiglass fixed from last year. Time line for painting is needed. The facility has 10/10/2019 to make an attempt. Fix waste disposal this needs to be fixed out attempt by Jan 1, 2019.

Need to get our place and pick up waste today remeasure all hair & raise cages up on a rock or brick about 1 inch so waste & hair won't get caught along the wire. Fix plexiglass on 1/2 cage by Jan 1, 2019.
