7 | Run #8 16, 32 - Guilitene Cable hook is missing, Replace Hooks. Run #9 27, 29, 35 - Guilitene Door - Bottom part of frame needs a screw. Run # 34 - Guilitene Door - Bottom part of frame is missing. Advised by Supervisor that a work order has been sent to maintenance to address all of the above. |

Temperature was 70° at 10:45 AM.

Advised Supervisor to make sure all cats that are brought in in traps or carriers are put in clean enclosures and given food and water as soon as possible. Cats were found in dirty cages and traps at 10:45 AM - this was immediately corrected. The shelter is currently receiving a large number of surrendered cats.

The inside cat cases were clean, as well as the K-9 runs. The shelter is currently remodeling the old kennel area into a spay-neuter room and office space for the shelter. Ex-Homes is performed in the cat quarantine room for now.

Item #7 should be addressed by the next inspection.
