Comments on post inadequacies:

County is building a complete facility - New Animal Holding runs including an isolation room and a cat adoption room.

4) Disapproved in the past were issues with painting - No painting will be done in the old shelter - they should be moved in new facility by July '08. Inside of new shelter is already painted.

2) There are still concerns over personnel. There are only 2 attendants for the new 10 run & cat care facility and it always appears they are in need of extra help - with clerical duties and cleaning. The new facility will be larger so there is concern as to whether there will be a sufficient number of employees to maintain the prescribed level of husbandry practice set forth by the AW rule.

Today, The Kennel Temperature was 78° at 11:30 a.m.

x) Today, the bank of cat cage needed a thorough cleaning - Director allowed them during inspection.

x) Today, Run #9 has a warped door - Director stated a work order had been submitted.

Discussed sanitation protocols for new isolation area. Discussed care in transit - Not to have animals in truck in hot weather for extended periods of time.

Today's inspection is Conditionally Approved contingent upon moving into new facility. Ke-Imprint when moved.
