**Items to Address:**

1. Exercise Yards - All yards that have clay, box dirt or sand must have sand added to them to meet the required 6 inch depth. All kennel pipes that are rusted through must be replaced. All kennel gates that are damaged must be replaced, sufficiently repaired. There are pens with 2 dogs and 1 dog base, rules state there must be 1 house per dog.

**Comments:**

1. Drainage issues are improved from the last inspection. A PVC pipe has been installed to aide with water removal when entering facility grounds. Dogs look well cared for, pens and grounds are clean. Owner must remember to ask for details on origin records even when dog appeared to be a stray - get area and road name or number where dog was found.

Re-Inspected in 30 Calendar days (3/5/10)
