<td>#7</td>
<td>Floors are still the main issue with this facility. Floors throughout have been repainted and repaired since last inspection but paint is already coming up in several areas, but mainly in large play area directly in front of office and paths between all play areas. Floors still look good in some areas, just a problem in the high-traffic areas. More personnel needed for the # of dogs at inspection. New gate at front of facility. Upgrades to paint in main lobby took great. Chain link is still holding up for now but need to start thinking of replacing some area this year.</td>
