<td>Since last inspection most of the animal's shot records have been updated and are in good order. On 6/29/10 there were 2 dogs in question: a Bordetella and a Rabies. The owners were contacted while at the facility and messages were left with both. Vets were also contacted and are trying to get the shots to the facility. If no records are found on the Rabies, the owner of the facility is going to take the dog to the vet today for the shots. Rabies was faxed to facility at 11:23 am 6/29/10. Bordetella was not up to date - Animal leaving 6/29/10.</td>
