Follow-up from 3/24/11

Items Addressed:

1. The 2 remaining rusted steel doors have now been replaced.
2. All of the old rusted feed cat cases have been replaced with 2 new stainless steel cases and 4 donated stainless steel cases—much improvement.
3. Painting has been going on, but is not completed.

Items To Address:

4) Finish Painting.
5) Puppy House—3 Kennel doors do not close properly. Management painted this out and advised someone is on schedule to make these repairs.

Comments:

There is no air conditioning in the indoor/outdoor parts of the shelter. Temperatures in all areas were under 85°F today. Fans were working and classified as adequate.

Management stated the gravel drain areas were being replaced.

Again, much improvement is noted over all the shelter.

Remember to continue to watch the exercise yard for bare dirt-worn grass areas.

Follow-up on items 4) + 7) in 30 days.
