*Overcrowding in this facility is becoming more of a problem since recent changes in hold periods for animals. During last inspection on 10/13/09, it was noted that the facility had 131 dogs in it possession at time of inspection. Out of that time were puppies and small dogs. Since that time and the change in hold periods, the space in the facility is becoming more of an issue. Large breeds are now being held for 72 hrs with 5-6 dogs per run (over limit). Areas S 021, 023, 029, 042, 043, 044, 045 need too many dogs for the size of enclosure. Area labeled 'Bite Room' with 16 enclosures had 14 full at 12 noon on 3-16-2010 with the 2 that empty at that time waiting to be filled that afternoon. Continuing with those numbers and hold periods space is very limited.*

*Storage in garage area is also becoming a problem. Again because of hold periods, this space that is normally used for storage is now having to be used for cat overcrowding.*
