Today's inspection is a follow-up on Complaint # AW101.

Item 1: Dogs were being shifted to an empty run as their run was being hoses and the runs were being squeezed after having been by a vehicle.

Item 2: Puppies under 6 months of age had morning food available today.

Item 3: There were no wet dogs found today.

Item 4: Improvement in records is noted today. Origin information is more complete today as well as animal identification.

Item 5: Dogs in isolation - Hound in long-term care. There is a log stating the date and time when this dog is allowed out of its run for exercise and socialization. A Beagle in isolation is on antibiotics for bite wounds and a vet's receipt is available for examination.

Items that need to be addressed:

1. Cat cages - 2 cat cages need the plexiglass resting surfaces replaced.

15. Cat water bowls in empty cages need to be removed and cleaned. Remove all used food and water bowls when cats leave and clean and sanitize them.

Comments:

Temperature was 70° at 11:30 AM.

There was no sign of illness noted today.

Discussed the use of Clorox with the director and shelter attendant. There were no Clorox odor noted today. Also discussed cleaning the waterers.

Two of the three AC vehicles were available for inspection today. Discussed proper ventilation and securing in vehicle and the frequency of sanitizing dog boxes. Discussed weekend feeding time every 24 hours for adults.

Items #7, 15 should be addressed before next inspection.

The issues in the complaint have been addressed.
