A Random Inspection of the Shelter and its records of Origin and Disposition was performed today. Inspection began at 10:00am. Only one attendant was present to handle the cleaning, feeding and phone calls and assist the Public. Cleaning was on going during the inspection.

Temperature was 78° at 11:50am. There was no euthanasia performed today.

Two dogs with neurological signs were observed in the quarantine area. When asked, I was advised both owners had decided to reclaim the dogs today.
