Items that have been addressed:

1. Cat Enclosures - a new cleaning product has been tried on the old cat cages and they look better and cleaner. The galvanized cages do not clean up as well as the stainless steel ones do. Need to continue working on the galvanized cages if continue to use them.

2. Today there was no visible illness in the dogs or cats. One very thin cat was in isolation and being fed small amounts over the day.

3. Surrender signature was on record today.

4. Original Disposition details are better today.

Items still to be addressed:

8. Sneeze - Cat Enclosures need an elevated resting surface. Each cat 6 mos. old or older must be provided a minimum of 4 square feet of floor space - this may include an elevated surface such as a non-woven step stool or upside down litter pan.

Temperature was 72° at 3:30 PM. Only 1 shelter person was attending the shelter today. Shelter was clean. Food and litter pans had not been cleaned at inspection time.

Inspection is conditionally approved contingent upon setting elevated resting surfaces for cat cages or limiting the number of cats per enclosure.

Re-Inspect in 30 days.

☐ APPROVED  ✗ CONDITIONALLY APPROVED  ☐ DISAPPROVED  Date: 8-29-08  Time: 4:00 PM
