Items Addressed:

1. Inside Runs - All of the rusted angle iron gate hinge supports have now been replaced and painted. Gate looks good.

Comments:

- Runs are clean. Temperature in Kennel run room was 70° at 12:15 p.m.
- Owner discussed some ceiling repair work in the grooming room that he is planning to address.
- Owner needs to pay attention to the bottom chain link pipes. He has them secured at the present time but needs to do routine fencing patrol to make sure there are no problems.

Item to address:

3. Lighting in the rodent room - One bulb is not burning and the unit went out - may need to replace entire light fixture.

Item 3) Should be addressed before the next inspection.
