| 7) Puppy/Kitten Room - Cages - All of these cages need attention - wire bottoms need re-coating - rusted - there are holes in some of the fiberglass walls - there are rusted hinges and door latches that do not work properly.
Owner needs to address all of these items or replace this bank of cages or stop using them. |
| 8) Puppy/Kitten Room - Space in Cages - Today there was inadequate space for a large dog. Dog was moved to a larger cage during the inspection. Strongly cautioned owner not to take in more large breed dogs that will out grow the cage before being sold. |
| 12) 13) 14) Hot water was not available in Pk room today - lack of hot water is a sanitation issue. |
| 20) Open bag of treats in Cabinet - Store in closed container. |
| 23) Animals Appearance refers to #8. |

Comments:

Remember to provide 1 litter pan per 3 cats.

Records were reviewed and found adequate today.

No sign of illness was noted in Pk's today.

Remember DOA looks at the entire building and the owner needs to start looking at some building improvements.

Re-Inspect in 30 days.
