<td>15)</td>
<td>Dirty Equipment - A stack of unwashed litter pans was noted in the kitty pen. These items must be cleaned daily. Cleaned plastic buckets and pans are still needed to be replaced.</td>
<td></td>
</tr>
<tr>
<td>17)</td>
<td>Lack of control. Cat waste and feces can be found in the kennel area. More attention to cleaning is needed.</td>
<td></td>
</tr>
<tr>
<td>19)</td>
<td>Adequate Food - There must be 1 food pan for adult cat per pen. Today, 3 pans housed 2 cats in each pen with only 1 food pan.</td>
<td></td>
</tr>
<tr>
<td>21)</td>
<td>Personal - Again, evidence is seen to indicate a lack of personal to adequately take care of the cats at this facility. Inspection was conducted later in the day when we were staffed to have everything clean, but it is not. The 1 ACC was in the field-on-the-road- and the 2 employees were calling for cat litter now because the phone is out on the public and they have to keep the kids.Kids. It appears this shelter needs a plan to work full cleaning &amp; care for the animals.</td>
<td></td>
</tr>
<tr>
<td>23)</td>
<td>Sick Kittens were observed - matted eyes - no vet care.</td>
<td></td>
</tr>
<tr>
<td>25)</td>
<td>Records - Most current disposition (kittens are records) do not have the discharge recorded. The state said the animal was confirmed. Cat records are kept in the office - in the past used - should be fully out now, and been records in that area. K-9 Kennels need identifying numbers refreshed. They are hard to read. Furthermore, log was locked-questions are always have been logged since they are not on the disposition record. ACC not available today.</td>

Comments:

A walkthrough inspection was not performed today - No CET was available.

It was noted the KG freezer lock is not working - Cannot lock freezer.

Not good when public has access to this area.

Temperature were 78° at 12:16 pm in outside room & KG room - KG at does not have a thermometer. The air was cool but the odor (wine) was strong.

Again advised employee to see that paperwork with improved is go to the accountant for each animal.

Re-Inspect in 14 working days.
