**Items Addressed:**
1. Two runs had the cross contamination barriers re-sealed.
2. #4 & #6 gates in K-9 quarantine were repaired.

**Items To Be Addressed:**
7. Run #4 & #12 need the cross contamination barriers re-sealed.
K-9 quarantine - gate #4 is damaged again - repair wire.

20. Records of Disposition - Computer still does not allow the city and state to be entered on disposition record. Staff is hand writing that information at present. Either way, the full/complete contact information must be documented.

**Comments:**
Shelter is now allowing volunteers to assist with shelter cleaning. Community service workers are now going to be assisting with shelter care. Cleaning was on going during today's inspection.

There were no animals to euthanize today. Shelter supervisor has now completed the new euthanasia manual and it is complaint.

The K-9 Kennels are now numbered:

Temperature were 52° - K-9 qt. & 58° K-9 general population. 54° cat room
These were recorded at 9:50 AM today. Although all temperatures were above 55° and the animals did not appear cold, more needs to continue to monitor the temperature and keep the heat unit in good working order.

Re-Inspect in 30-45 calendar days.
