<td>Were rescued on her own personal animals. I informeds Ms. Jones that all animals in a licensed facility were subject to the requirements of the AWA. There were two days that arrived during the inspection. It wasn’t clear if these were boarding or grooming animals. Later that afternoon while AC and Sheriff’s Deputies were on the property a woman approached one of the Deputies and claimed her dog was being boarded at the facility. (K) All animals in a facility are subject to the requirements of the AWA regardless of ownership. (O) Adequate shelter – there were no dog houses in any of the outdoor enclosures. 521.0203 Outdoor Facilities (B) Other house shall be available for each animal within each enclosure except for a mother and its unweaned offspring. (O) The two outside common areas were grassy, mud, and clear dirt. It did appear that there was some gravel used in some areas of these enclosures. However, it was sparse and inadequate. A Golden Retriever was matted up with mud (from the day before. This was clearly visible when Ms. Jones).</td>
