**Item Number** | **Explanation of Inadequacy (circled items above) And Recommendation For Compliance** | **Date Corrections Must Be Completed**
---|---|---
1. | Exterior door (full glass) - bottom of door is rotten - needs to be replaced | |
2. | Chain link needs repair - Inside runs - 4th run on left has a hole in the chain link - do not use until repaired. Owner needs to do an overall wire patrol and make sure all wire is turned under so as not to cause injury to a dog. None of the guillotine restraints have snaps - strongly recommend using snaps to insure dogs cannot accidentally leave the guillotine door. | |
3. | A shovel full of feces was found in the kennel - must dispose of properly. Feces was found in the exercise yard - clean up at least twice a day. | |
4. | Urine odors are strong in the kennel. Check resting mats - clean all areas. | |
5. | Dirty feed pans were found in sink and on counter. More regular clean up needed. | |
6. | Mouse droppings were found in cabinets and drawers. | |
7. | An open bag of treats was found - all food must be stored in a closed container that has been opened. | |
8. | No personnel on site today or past 2 inspections. Concerns about care of boarder's dogs. | |
9. | Records were found today, but owner should provide a better descriptive dog. Found vet records were lacking on some dogs. Did not find a med log. | |
