1 | Performance of a courtesy inspection on 1/16/66. The shelter has much improved. The shelter now has hot water for cleaning. The lighting is much better. The cat cages are in great shape, looking and the ceiling of the main shed water issues with the ceiling. One issue to be addressed is dog Pen #5's concrete top needs repair, and Pen #7 chain link is loose between the cages. The food is now stored in containers, which is not assisted in the operation of the shelter. Shelter is starting to look, need to continue working on. | 2/13/07
