Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
Comments:		
	<p>Outside Kennels - advised shelter director and manager to monitor the weather temperatures and to provide the extra dog houses when the temperatures cool down - no specific temperature can be advised but to use common sense and observe the dogs.</p>	
	<p>Expansion Cracks in Concrete Kennel floors - these expansion cracks are leaving an opening for debris to gather. Management had the cracks inside the kennels sealed with an expandable material which is acceptable but feel the shelter would benefit from a disease and sanitation standpoint to seal all the cracks in both the indoor and outdoor kennel areas. Management agrees this needs to be done.</p>	
	<p>Temperatures are in range in all indoor areas.</p>	
	<p>No signs of illness or injury noted today.</p>
