Narrative Explanation, if needed

I performed an annual inspection today, facility was clean & odor free at time of inspection today. Ambient temperature was 65 degrees in all areas.

* Large set of Outdoor kennels, is beginning to show wear & tear on the top beams. Noticed today that they are rusting, and some are falling down or have jagged edges. Remove or replace these beams.

No vehicles inspected today, I will view all when I return for Euthanasia/Records Inspection in the spring.
