Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
7)	Outside run #5 not to be used until hole and sharp edges repaired and filled in and bolts removed.	
	The outdoor pens have very weak wire & will be chewed through soon. Strongly suggest replacing w/ heavier gauge wire to prevent future problems & disapprovals. Coated wood shelves should be sealed or replaced. If cats are allowed free in kitten or quarantine room, wooden doors wrapped or replaced.	
	Note increased light in quarantine kitten room would be beneficial in cleaning and viewing cats. Also light in storage room is broken.	
	Intake records need better description of animals.	
	Note there is a significant crack in the concrete in Run #2. Painting of K-9 Kennel - inside - is on schedule.	
	Comment - Be thinking of using outside pens for drop-offs until ^{health} status is known (Isolation)	
	Comments from past inspection (follow-up 9-17-07) Refer to report on 9-17-07. Tremendous improvements have been made & noted. Read above comments to see issues that still need attention.	
	Animals very well cared for. Shelter is much cleaner due to increased staff and reasonable number of animals.	

APPROVED DISAPPROVED Date: 11-27-07 Time: 12:00
