Comments: Owners and manager have worked very hard to bring this facility into compliance.  
They have added gutters to the building to aide in water drainage.  
Temperature was 68° in the apartment kennel.  
Discussion kept the temperature between 50° and 85° in the office kennel.  
Point has been purchased for the office kennel floor.  
Discussion again covers for the Kennel drain (outside) - safety for clients and visitors.  
A sink for washing food pans with hot water is now available.  
A tub is now available for washing boarding dogs now.
