---|---
1 | The pound has 2 fenced in kennels. The pens have a roof over the pens but not a building. There is water for cleaning. No drainage system for water. Does have stainless steel bowls. There is a metal fence. Need to remove wood in front of one kennel. Need to repair bottom of that pen. Need to remove the grass from the pen. Needs to be removed. Floor, Kennel floor is concrete. Other than this room drainage area. Floor is not sloped to runoff. Need to add shape for holding facility. Did not observe were food is stored. This would be considered as outdoor facility.
