Item Number | Explanation of Inadequacy (circled items above) And Recommendation For Compliance | Date Corrections Must Be Completed
--- | --- | ---

#2 #7 The County needs to work on regulating the temperature in the kennel area. The temperature needs to be between 50° to 85°.

#15 Need to replace the food and water bowls. I suggest stainless steel food and water bowls [the bowls have been ordered]

The County has made an effort to bring the shelter into compliance. I am giving the shelter a conditionally approved today. This allows the shelter to be licensed. If the County does not make any effort to work on the remaining above issues then the shelter will be given a disapproval.

I will perform a follow-up inspection in 60 days.
