**PAGE 1 OF 3**
The shelter has obtained 4 "way cool" portable air conditioning units this summer.

A new storage building has been purchased and is used now to store the dry dog & cat food & cat litter.

Temperatures are in range in all areas of the shelter.

Since the last inspection the dry well in the cat quarantine room and the exterior wall of the chemistry room has been repaired - no problems noted today.

All lights are burning. The guillotine ropes have been replaced.

Room problems are more under control. Pest control comes to the shelter every other month.

A damaged hose was noted but was repaired today.

No visible sign of illness or injury were noted today.
