Comments:
Temperature was 78° at 2:45 pm.
There were no visible signs of illness noted today.
Transportation standards were discussed with the director.
Director advised to have staff replace broken quilted rope at #55 and he advised this was an item that was replaced as needed.
Director advised that a work order has been placed in reference to the small area in the main kennel that requires repainting and replacing the molding on the chemical room wall in the short hall.

Item to address:
1) Molding on chemical room wall and repaint small area in main kennel area.
