Follow-up from 11-13-07

Expected to find outdoor remodeling started. Nothing has been done to show that there will be indoor/outdoor runs constructed. At this time it has been noted that there is no light in the dog or cat room. Regulations state there must be light either by natural or artificial means. Today, the urine odors were strong upon entering the building. It is apparent there is not enough personnel to attend the duties of this shelter.

Perlela Chews stated that painting of the cat adoption room was scheduled for after Christmas holidays. It is important for the walls and floors to be properly sealed but ventilation and lighting for the health and well-being of the cats and cats should be a priority.

On the 11-13-07 Inspection it was understood a major remodeling was about to take place. NCDA is now requesting a letter giving a definite time frame on specific items.

Re-Inspected in 30 days
