Follow-up from 12/06/10
Items Addressed:

1. All of the small scratched areas in run # 8, 23, 24, 35, 39, 30 have been repaired and repainted.
   All the floors have been repainted inside the indoor Kennel rooms.
   All the walls have also been repainted.

Item to Address:

7) Run #30 - As noted all of the scratched areas have been addressed but this morning an aggressive energetic dog owned by the Kennel owner began scratching the walls of #30. Owner stated the walls would again be addressed. Suggested lining the walls with stainless steel sheeting. The existing wall material is hardy, plastic.

Run #30 is marked as un-useable at this present.

Temperatures were 61°C in the empty room and 70°C in the occupied run.
(Continue to keep yards with adequate grass.)

Item 7) Should be addressed within 30 days.

Kennel is clean and odor free.
