Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	Today's inspection is a follow-up from 8-15-07. Did not expect inadequacies to be corrected by now as they were long-term items.	
	Plans to correct inadequacies: Within the next 2 weeks all damaged plaster/cement areas should be repaired and painted.	
	Outdoor Exercise yards will have AstroTurf installed within next 60 days.	
	Perimeter Fencing should be completed within next 60 days.	
	Very Pleased to hear these issues will be addressed soon.	
	Thermometers are now in place in isolation rooms. There is no AC in these rooms - only fans - discussed the possible need to get some kind of AC unit before next summer so temperatures may be controlled - Not to go over 85 degrees.	
	Today The facility is very clean, dogs and cats look good.	
	Remember to do land mine patrol in outside exercise areas twice daily.
