**Explanation of Inadequacy**

I performed a courtesy inspection on 1/31/2006. At that time I observed some kibble on the outside feeding station that has been there at the time of the courtesy inspection. I observed plastic food bowls. There is plastic bowls in the cat kennel. The water bowls are made of stainless steel. The food is now in plastic containers. I did observe chipped paint around the feeding doors. Need to finish sealing cracks on kennel #8 outside. She has a good shape. Cat kibble looks good. There are pesty pads in dog kennels. The shelter has already been licensed for 2007.
