<tr>
<td></td>
<td>My hole pass cement on back need to wash down the crow out back soil fly swarming around it. One dog needs attention work in hypo needs ASAP. Commercial air intake sheets need real adaptive paper next. good whole. Ventilation working in kennel room ok. Temperature on out back in kennel area Ok. Odor ok. I think ventilation fan in main kennel room could pull in more air check fan to make sure it is pulling the maximum amount of air overall all. By our dog is pretty good job.邠-la.</td>
