Euthanasia Report - on 12/22/09 while at Facility one Cat was performing Euthanasia. I observed him perform this on 4 black/white mix puppies and it was performed using the IP method on All. All animals were properly prepared, properly closed and each animal was verified dead and properly disposed of. All drugs were Secure and all drugs were properly recorded. 

Policy and Procedure manual was in place and was 100% complete, easily accessible not only to me, but to all employees.

Facility still in great shape and very clean.

Great Job on not only the Manual but with the upkeep of entire facility.
