<td></td>
<td>Temperature inside kennel is 50° but felt cool. I stood to raise it a couple degrees to 52° exhaust fan gone but still had a smell from smell in room. Need to work on this issue. Food needs to be more rigid. Keep a water bowl dry and clean. Keep all food in sealable containers. Feed 20# raw food with food Open. Dog just got dugs out of chamber and was too low. Fill more sure get clean chamber when done. I saw some fresh water in these. May have need a kennel attendant and she in kennel clean and claim a good job except for outside room water. All paperwork and adoption records are in good shape. Work on these.</td>
