Pen-Raised Quail

April 2024

Quail raised in NC for use as food. These birds are slaughtered and sold under the owner's label. Statute 106-549.94 and Ag Code of Regs 02 NCAC 52F .0101 through.0106

Requirements:

1. Owner must obtain a **pen-raised quail permit** from NCDA&CS Veterinary Division (no charge). This allows them to sell dressed quail under their own label.
2. Owner must obtain a **game bird propagator's license** from Wildlife Resource Commission if they are raising Bob White Quail (not coturnix). This is required for all native (Bob White) quail raising and sales in NC. Can apply at WRC website www.ncwildlife.org.
3. Owner must keep records as required in 02 NCAC 52F .0104 and .0105 and label dressed quail as required in 02 NCAC 52F .0103.
4. Quail are not included in the state or federal meat inspection laws and regulations. Quail are not amenable to the current laws, so their processing does not come under our own Meat and Poultry Inspection Division. To review what they do cover, their website <https://www.ncagr.gov/divisions/meat-poultry-inspection> and phone number 919-707-3180.
5. Persons interested in selling processed quail **should contact Food and Drug Protection Division at 919-733-7366**. Their website <https://www.ncagr.gov/divisions/food-drug-protection>. There are certain sanitation requirements that Food and Drug will explain that are required when slaughtering without inspection.
6. Quail can also be processed in federally inspected facilities if the owner pays for the inspection.
